Dear Col. Piech:

The New Mexico Environment Department (NMED) has received the Cannon Air Force Base (Permittee) *Request for a Time Extension to Submit the Landfill 25 Well Installation Report* (Request) dated January 31, 2013 and received February 8, 2013. The Request was necessary due to contract modification issues. NMED has completed review of the Request and hereby approves an extension to April 15, 2013. NMED noted that this is the second time CAFB has submitted a time extension request for submittal of the well installation report. The first request (dated August 22, 2012) was to coordinate monitoring well installation with the annual facility-wide ground water monitoring event. That request was approved by NMED on October 5, 2012.
