Dear Colonel Buono:

The New Mexico Environment Department (NMED) has received Cannon Air Force Base's (CAFB's) *2012 Annual Institutional Controls Report Sites LF-02, FT-06, SD-12, SD-15, SD-17, SD-20, SWMU-2, SWMU-4, SWMU-6, SWMU-31, And SWMU-102* (2012 IC Report), dated April 2013 and received June 7, 2013. NMED has completed its review of the document, approves the 2012 IC Report and provides the following comment.

Colonel Buono

Comments:

NMED noted several references in the 2012 IC Report to Appendix I or Appendix II. Presumably, the references are to CAFB's existing Hazardous Waste Permit. The Permit currently contains multiple Attachments and Attachment 1 contains two tables which indicate the status of Corrective Action at various Solid Waste Management Units and Areas of Concern but does not contain references to Appendices. A response to this comment is not necessary as CAFB's Permit will be re-issued before the 2013 IC Report is submitted. Check the draft 2013 IC Report to ensure that references to Appendices are removed.

If you have any questions regarding this letter, please contact Daniel Comeau at (505) 476-6043.

Sincerely,

John E. Kieling
Chief
Hazardous Waste Bureau
