STATE OF NEW MEXICO
COUNTY OF CURRY
NINTH JUDICIAL DISTRICT
COURT
CLOV-LEASE,LLC.

The Ninth Judicial District Court has ordered the sale of the following Property pursuant to a Judgment entered on July 28, 2014:
Tract of Land consisting of 77.92 acres more/less, and improvements including a main building with 51,353 square feet of manufacturing and warehouse space plus 2,860 square feet of office space and an estimated 15,221 square feet of outbuildings in the North Hall (N2) of the Northeast Quarter (NE/4) Section 25 Township 2 North (T2N) Range 35 East (R35E) NMPM known as 790 County Road K, City of Clovis, Curry County, NM described by metes/bounds in Exhibit A attached to the Complaint in this civil action.

The Property will be sold to the highest bidder at a public auction foreclosure sale on Tuesday, September 9, 2014, at 10:00 am by Special Master, on the front steps of the Curry County Courthouse,

inspection of the Property is available during the week prior to the Foreclosure Sale. For specific information on the Property, and to schedule an inspection, contact the former Plant Manager, Devin Lurman, at 505-957-5809. A copy of a Preliminary Title Report is available from the attorney for Clov-Lease, LLC shown below.

In the Judgment, the Court determined that the Total Judgment Amount owed to Plaintiff Clov-Lease, LLC by Defendant Beauty, Health, and Science Innovations, Inc. (BHSI) is \$1,383,759.00. Clov-Lease, LLC is entitled to credit bid any portion, or all, of the Total Judgment Amount at the Foreclosure Sale.

All bids at the Foreclosure Sale shall be in increments of at least \$10,000.00. Any successful bidder must pay the full amount of the successful bid to the Special Master, in cash or certified funds, on the day of the Foreclosure Sale.

WORKS!

EXECUTIVE DIRECTOR

Eastern New Mexico Water Utility Authority (ENMWUA) Board is seeking candidates for the newly created position of Executive Director. Position is open until filled.

ENMWUA has seven board members representing Curry County and the communities of Clovis, Portales, Texico, Melrose, Elda and Gray. The Director reports to the ENMWUA Chairperson and the Board of Directors. The position is exempt, full-time and serves at the pleasure of the Board. Director duties include administrative, fiscal, communications, coordination, and liaison.

Under the direction of the Board, the Director oversees the development and operation of the Eastern New Mexico Rural Water System (ENMRWS). Director employs appropriate staff to guarantee successful continuance of the project. The program and construction management and engineering professional consultants will report to the Director.

Experience:
-Previous water or utility executive or management position.
-Working with decision-making boards and agencies in developing policy and securing funding for projects.
-Making presentations to elected officials and governing boards.
-Experience with managing staff and working with third party consultants.

Preferred Qualifications:
-Post-secondary education, preferably a degree in business administration, public administration, utility management or engineering.
-Background knowledge of general administrative, operational and regulatory requirements applicable to public water systems.
-Background knowledge of general administrative and regulatory requirements associated with use of Federal and State funding for public works projects.
-Possession of a valid New Mexico driver's license.

A more complete description can be found at www.enmwua.com. Email letter of interest and resume to: Gayla Brumfield, Chairperson gbva@cnhomes.org (575) 693-6745

PUBLIC NOTICE
ENGINEERING EVALUATION / COST ANALYSIS (EE/CA)
FORT S835 - 1940's Skeet Range Munitions Response Site
at CANNON AIR FORCE BASE, NEW MEXICO

The U.S. Air Force has recently announced the availability for public comments regarding Engineering Evaluation and Cost Analysis at Cannon Air Force Base, New Mexico. The feedback is aimed at the EE/CA prepared to address migration of hazards associated with surface and near-surface polycyclic aromatic hydrocarbon contaminated soils located at the Skeet Range Munitions Response Site on base. The EE/CA examines the removal action alternatives and provides recommended actions for the site. The EE/CA is consistent with the conclusions and recommendations contained in the Comprehensive Site Evaluation Phase II report dated August 2012 for the site. Approximately 4,000 bank cubic yards may be contaminated with PAHs above the applicable Federal and State regulatory Regional Screening Levels. The removal of PAH-impacted soils will mitigate health risks posed by these contaminants.

The evaluated alternatives include:

- No Action
- Implementing Land Use Controls and Institutional Controls
- Excavation and off-site disposal

The recommended alternative identified in the EE/CA is to perform 100 percent removal of PAH-impacted soils by excavation of surface and near-surface soils, off-site disposal of contaminated soils at an approved landfill, confirmatory endpoint sampling to ensure site cleanup and site restoration activities. In preparation of the decision regarding cleanup of this site, the Air Force will consider all comments submitted. The decision will be set forth in an Action Memorandum. A written response to all substantive comments will be included in an attachment to the Action Memorandum.

The EE/CA is available for public review during the 30-day public comment period from August 5th to September 5th at the Clovis-Carver Public Library Monday through Thursday from 9 a.m. to 9 p.m. and Friday through Saturday from 9 a.m. to 5 p.m. They can also be reached by phone at 575-769-7840. If you would like to provide any written comments or questions to this EE/CA, they can be submitted by mail to:

27 SOW Public Affairs
110 Alison Ave Ste 1150
Cannon AFB, NM 88103

Comments can also be submitted via email to 27SOWPA.publicaffairs@us.af.mil. For additional questions, comments or concerns please call 575-784-4131.
