CANNON AIR FORCE BASE NEW MEXICO

Colonel Douglas W. Gilpin
Commander, 27 SOMSG
110 E Alison Avenue Suite 1098
Cannon AFB NM 88103

AUG 28 2015

Mr. John E. Kieling
Chief, Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East Bldg 1
Santa Fe NM 87505-6063

Dear Mr. Kieling,

Cannon Air Force Base (AFB) requests an extension to the reporting requirement stated in the New Mexico Environment Department (NMED) letter dated 12 December 14. The NMED letter was in response to a Cannon AFB notification of two potential new sites, Oil Water Separators (OWS) OW-C560 and OW-C541. The letter requires a Resource Conservation and Recovery Act (RCRA) Facility Assessment (RFA) by 31 August 15. Cannon AFB would like to request approval to submit an RFA sampling plan by 31 December 15. The purpose of the sampling plan is to complete additional borings in order to determine if any areas of the former OWS contain contaminants above action levels. If you have any questions regarding this request, please contact Ms. Laura Peters, Restoration Program Manager, at (575) 904-6743.

Sincerely,

DOUGLAS W. GILPIN, Colonel, USAF
