Cannon Air Force Base

RE: APPROVAL
2014 BIENNIAL GROUNDWATER MONITORING AND ANNUAL LANDFILL
INSPECTION REPORT, CANNON AIR FORCE BASE, NOVEMBER 2015,
REVISION 1
EPA ID# NM7572124454
HWB-CAFB-15-002

Dear Col. Gilpin:

The New Mexico Environment Department (NMED) received the *2014 Biennial Groundwater Monitoring and Annual Landfill Inspection Report, Cannon Air Force Base, Revision 1* (Report), dated December 7, 2015. NMED has reviewed the Report and hereby issues this Approval with the following comments.

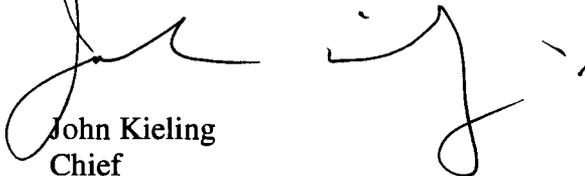

Comments:

1. **NMED Comment:** In future report submittals, ensure that the most current Environmental Protection Agency (EPA) Maximum Contaminant Levels (MCLs), New Mexico Groundwater Quality Standards (NMGWQS) and NMED Tap Water Screening Levels are used to screen chemicals of concern. NMED updated its *Risk Assessment Guidance for Site Investigations and Remediation* in July of 2015. Updated EPA MCLs are currently dated November 2015.

2. **NMED Comment:** The Permittee must submit a work plan for the replacement of monitoring wells MW-A, MW-C, MW-E, MW-F, MW-G and MW-H associated with Solid Waste Management Unit (SWMU) 113 (LF005) and SWMU 101 (SI101) no later than **April 30, 2016**. The work plan must contain a proposed schedule for installation of the replacement wells.

If you have any questions regarding this letter, please contact Gabriel Acevedo at (505) 476-6043.

Sincerely,

John Kieling
Chief
Hazardous Waste Bureau
