

**DEPARTMENT OF THE AIR FORCE
27TH SPECIAL OPERATIONS MISSION SUPPORT GROUP (AFSOC)
CANNON AIR FORCE BASE NEW MEXICO**

ENTERED

OCT - 6 2017

Colonel John P. Boudreaux
Commander, 27 SOMSG
110 E Alison Avenue Suite 1098
Cannon AFB NM 88103

Mr. John E. Kieling
Chief, Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East, Bldg 1
Santa Fe NM 87505-6313

Dear Mr. Kieling

The purpose of this letter is to inform you of a recent solid waste discovery. The 27th Special Operations Civil Engineer Squadron was notified of a black substance seeping from the ground at an on-site storage yard located at 34.40102, -103.31199. Upon visual inspection of the site on 25 Sep 17, the Environmental Element noted a tarlike odor and noticed what appeared to be isolated spots of the material. The site has been cordoned off to prevent access. The Environmental Element will continue to work with the New Mexico Environment Department to further characterize this solid waste discovery and implement the proper corrective actions, as necessary.

If you have any questions regarding this notification, please contact Mr. Steven Palmer, Restoration Program Manager, at (575) 904-6744.

Sincerely

JOHN P. BOUDREAUX, Colonel, USAF
