RECEIVED

NOV 17 2017

NMED
Hazardous Waste Bureau

Dear Mr. Cobrain:

Re: Draft RCRA Permit #NM7572124454: In order to compile comments that completely address all the proposed changes to both the body of the Permit and the respective Tables, Cannon Air Force Base is respectfully requesting a sixty (60) day extension to the public comment period for the *Draft Resource Conservation and Recovery Act Hazardous Waste Permit for Cannon Air Force Base* from 5 Dec 2017 to 3 Feb 2018. There are a great many sites to consider at Cannon AFB, and unfortunately neither NMED's nor the Air Force's databases allow for easy research. The upcoming holidays will further stretch our manpower resources as well. An extension will allow us at Cannon AFB to deliver more thoroughly researched and referenced comments, thereby allowing NMED to issue a Permit that accurately reflects the status of sites at Cannon.

Cannon AFB appreciates the valued working relationship established with you and your department. If you have further comments or questions pertaining to our request, please contact Steven Palmer, steven.palmer@us.af.mil (575) 904-6744 or Sheen T. Kottkamp, sheen.kottkamp.ctr@us.af.mil (575) 904-6743.

Sincerely,

Steven Leonard Palmer
