Dear Mr. Acevedo

In order to prepare the work plan requested in the 17 May 2018 "Approval with Modifications, Status Report Site AT109" and subsequent field sampling activity, a contract modification will be required and executed through the Air Force Civil Engineer Center contracting office. Cannon AFB is respectfully requesting a ninety (90) day extension for the submittal of the work plan for the additional required investigation at Site AT109 from 13 December, 2018 to 14 March, 2019. The extension will allow adequate time to execute the modification, work plan preparation, Command approval, and submission of the work plan.

Cannon AFB appreciates the valued working relationship established with you and your department. If you have any further comments or questions pertaining to the referenced document, please contact Sheen T. Kottkamp, [sheen.kottkamp.1@us.af.mil](mailto:sheen.kottkamp.1@us.af.mil), (505) 846-7674 or Mark Fuchs, [mark.fuchs.ctr@us.af.mil](mailto:mark.fuchs.ctr@us.af.mil) (505) 904-6743.

Sincerely,

S.T. KOTTKAMP, GS-12, AFCEC
