Dear Mr. Pierard

Cannon Air Force Base (AFB) is respectfully requesting a 90-day extension for submitting the *Cannon Biennial Groundwater Monitoring Report 2020*. With NMED concurrence, this request will extend the due date from December 31, 2020 to March 31, 2021. This will allow sufficient time for a comprehensive review, finalization, staffing for signature, and final submission to NMED.

Cannon AFB appreciates the valued working relationship established with you and the department. If you have any further comments or questions pertaining to the referenced document, please contact me at (575) 904-6744 or at christopher.gierke@us.af.mil.

Sincerely
