Dear Mr. Shean

Cannon Air Force Base (AFB) is respectfully requesting a 60 day extension for the submission of the RFI Work Plan at AT134. This will extend the date the document is due from July 29, 2022 to September 27, 2020. Cannon is currently addressing NMED's comments and revising the report. The extension will allow adequate time for comment response, report drafting, comprehensive review, Command approval, and submission of the report.

Cannon AFB appreciates the valued working relationship established with you and your department. If you have any further comments or questions pertaining to the referenced document, please contact please contact me at (575) 904-6744 or at christipher.gierke@us.af.mil.

Sincerely

C.N. GIERKE, GS-13, AFCEC
Restoration Project Manager
