**RE: Chaco Gas Plant
2012 Annual Hazardous Waste Fee Report**

Dear Ms. Duran

Enclosed, please find the Chaco Gas Plant 2012 Annual Hazardous Waste Report.

If you have any questions or need more information, please contact Aaron Dailey, our senior field representative at 505/599-2286 or me directly at me at 713-318-6684

Regards,

Matthew E. Marra,
Senior Director, Environmental

NEW MEXICO ENVIRONMENT DEPARTMENT
HAZARDOUS WASTE BUREAU

2012 ANNUAL HAZARDOUS WASTE FEE REPORT*

Note: this is for CY 2012 annual hazardous waste fees, not CY 2011 (AD)

Note: Complete and return this report with your payment

SECTION I: FACILITY INFORMATION AND IDENTIFICATION

Facility Name: Chaco Natural Gas Processing Plant

EPA Identification Number: NMD000761627 - 0191

Facility Address: 895 County Road 7100

Bloomfield, NM 87413

Mailing Address: P.O. Box 4324 c/o Environmental

Houston, TX 77210

Facility Contact: Nolan Shiver Phone: 713-381-6595

Title: Sr. Compliance Administrator Email: snolan@eprod.com

Reporting Date: 4/5/2013

The New Mexico Hazardous Waste Generation Fee is comprised of two parts: a Business Fee and a Generation Fee. The Business Fee is determined by your generator status and the Generation Fee is determined by the amount of non-recycled hazardous waste, which is generated by the facility. It is important to note that your generator status is determined by adding the recycled and non-recycled hazardous waste generated by your facility each month.

Detailed regulations covering the annual hazardous waste fees are defined at 20.4.3 NMAC.

SECTION II: ANNUAL GENERATION CALCULATIONS

To calculate the annual waste generation amounts, use the schedule below. Enter the total pounds of hazardous waste generated per month and then subtract the pounds of recycled hazardous waste per month. The difference is the amount of non-recycled hazardous waste generated.

		Calendar Year: <u>2012</u>			
Month	Total Hazardous Waste (lb)		Recycled (lb)	=	Non-Recycled (lb)
January	_____	-	_____	=	0
February	1834	-	_____	=	1834
March	_____	-	_____	=	0
April	_____	-	_____	=	0
May	_____	-	_____	=	0
June	_____	-	_____	=	0
July	_____	-	_____	=	0
August	_____	-	_____	=	0
September	_____	-	_____	=	0
October	_____	-	_____	=	0
November	_____	-	_____	=	0
December	41933	-	_____	=	41933
Annual Totals	43767	-	0	=	43767

SECTION III: GENERATION STATUS DETERMINATION

Determine your generator status using the largest amount of total hazardous waste generated during any one calendar month (from first column in Section II).

GENERATOR STATUS:

- * If you generate 220 lbs (100 kg) or less of hazardous waste (recycled and non-recycled) in any one month, you are a Conditionally Exempt Small Quantity Generator (CESQG).
- * If you generate more than 220 lbs (100 kg) but less than 2,205 lbs (1,000 kg) of hazardous waste (recycled and non-recycled) in any one month, you are a Small Quantity Generator (SQG).
- * If you generate 2,205 lbs (1,000 kg) or more of hazardous waste (recycled and non-recycled) in any one month, you are a Large Quantity Generator (LQG).

NOTE: IF YOU ARE A CESQG, YOU DO NOT OWE ANY FEES. PLEASE COMPLETE THE CERTIFICATION SECTION OF THIS FORM AND RETURN TO OUR OFFICE.

SECTION IV: BUSINESS FEES

Based on the generator status determined from Section III, check the appropriate category for this facility and pay the appropriate Business Fee.

Conditional Exempt Small Quantity Generator		no fees due
Small Quantity Generator	\$	200.00
Large Quantity Generator	\$	2,500.00

SECTION V: ANNUAL GENERATION FEES

1. **Conditionally Exempt Small Quantity Generators** do not owe any annual generator fees.

2. **Small Quantity Generators** shall pay the following fees based on the average monthly amount of non-recycled hazardous waste generated.

Annual total non-recycled hazardous waste from Section II divided by twelve equals monthly average

_____ lb/12 = _____	0 pounds per month
1 - 500 pounds/month	\$ 35.00
501 - 1,000 pounds/month	\$ 100.00
1,001 - 2,205 pounds/month	\$ 250.00

If ≤ 2,205 pounds/month, enter appropriate fee: _____

3. **Large Quantity Generators** at a site shall pay the following fees for non-recycled hazardous waste generated for the reporting year, if both hazardous waste and hazardous wastewater were generated at the site, the generator must determine the amounts for each to calculate the fee. Use the following fee schedules for these calculations.

a. \$ 0.01 per pound of non-recycled hazardous waste generated at the site.
 _____ 437,67 pounds for the reporting year X \$ 0.01 = \$ _____ 437.67

and

b. \$ 0.01 per ton of wastewater designated a hazardous waste solely because it exhibits a hazardous characteristic.
 _____ tons for reporting year X \$ 0.01 = \$ _____ 0.00

Total LQG annual fee (a + b) = \$ _____ 437.67

SECTION VI: PAST DUE FEES

Fees owed for previous years are calculated the same as above and are then multiplied by 1%. The **sum** of the annual business fee (Section IV) and the generation fee (Section V) are **multiplied** by the number of months that the fee is past due:

$$\text{Business Fee} + \text{Generation} \times 1\% \times \text{Number of months past due} = \text{Late Fee}$$

Example: $(\$200 + \$35) \times 0.01 \times 10 \text{ Months} = \23.50

Example: $(\$200 + \$35) \times 0.01 \times 10 \text{ Months} = \23.50

This late fee is added to the business fee, the generation fee, and the administration charge of \$100 to determine the total past due fee owed for that year:

$$\text{Business Fee} + \text{Generation} + \text{Late Fee} + \$100 = \text{Total Past Due Fee}$$

Example: $\$200.00 + \$35.00 + \$23.50 + \$100.00 = \$358.50$

If you are paying past due fees for multiple years, you pay the administration charge one time only. The fees for each year are due on August 1st of the following year.

Example: Fees for 2007 were due on August 1, 2008. Please calculate past due fees and enter them below:

2008 Fees	\$ _____
2009 Fees	\$ _____
2010 Fees	\$ _____
Administrative Fee	\$ <u>100.00</u>
 Total Past Due Fees Owed	 \$ _____

SECTION VII: CAP FEES

CAP Fees: The aggregate amount of annual generation and business fees to be paid per person [as defined at 20.4.3.108 NMAC] for any year based on this Part (20.4.3 NMAC) shall be limited to:

One facility	\$	35,000.00
Two facilities	\$	50,000.00
Three or more facilities	\$	65,000.00

If your facility generates non-recycled hazardous waste in amounts which will result in a total fee greater than the amounts given in the above table, you only pay the CAP Fee indicated. These CAP Fees does not apply to late fees.

SECTION VIII: TOTAL FEES DUE

Total Fees (Business Fees, Generation Fees) Owed for Current Calendar Year	<u>\$2,937.67</u>
Total Past Due Fees Owed (if applicable)	<u> </u>
TOTAL FEES	<u>\$2,937.67</u>

SECTION IX: CERTIFICATION

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents. I hereby certify that either based on my personal knowledge or my inquiry of those individuals immediately responsible for obtaining the information, the submitted information is true, accurate and complete. I hereby acknowledge that any person who knowingly omits information from or makes any false statement or representation in a fee report may be subject to criminal penalties under the Act.
