HAZARDOUS WASTE SECTION

Dear Mr. Hamilton:

Subject: Notification of Hazardous Waste Activity

As you know, it is required by New Mexico Hazardous Waste Management Regulations (HWMR) that facilities provide notification of hazardous waste activity. Public Service Company of New Mexico (PNM) has previously submitted this information to either the United States Environmental Protection Agency (EPA) or the New Mexico Environmental Improvement Division (NMEID) as required. I am notifying you by this letter and the accompanying forms, of changes in the status of certain PNM facilities, and the addition of new facilities for which we wish to obtain EPA identification numbers.

The following facilities are new facilities and are in need of site-specific identification numbers:

Las Vegas Service Center } correct

Dear Mr Hamilton:

Subject: Notification of Hazardous Waste Activity

In my letter of September 18, 1987, I requested a new EPA Hazardous Waste Identification Number for the Las Vegas Service Center at its new location.

On Thursday, February 11, 1988, Mr. Gordon Holden, Las Vegas Division Manager, received a copy of the application for the new number in the mail. In the space provided for the new number was written "NMT360010318". This is the number for the Las Vegas Gas Turbine, at a different location. Since the Gas Turbine and the Service Center are at different locations, I assume we will need separate numbers. Would you please issue a new number for the Service Center?

Please do not hesitate to contact me if you should have any questions.

Sincerely yours,

R. C. Cudney
