**SUBJECT: HAZARDOUS WASTE CONSULTATION REPORT
ABCWUA WATER RECLAMATION PLANT
NMD986675114**

Dear Mr. Chwirka:

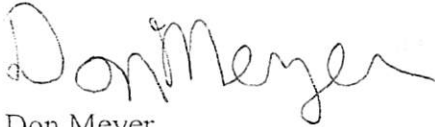

On January 25, 2011, the New Mexico Environment Department (NMED) provided the Albuquerque Bernalillo County Water Utility Authority (ABCWUA) Water Reclamation Plant, located at 4201 2nd St. SW, Albuquerque a Compliance Assistance Visit to address potential hazardous waste issues and pollution prevention options. Based on observations and a review of the information obtained, the NMED has determined that your facility is a Conditionally Exempt Small Quantity Generator of hazardous waste and all conditions were in compliance.

The NMED appreciates your efforts to support the environmental health goals of New Mexico, and to adhere to the Hazardous Waste Management Regulations (20.4.1 NMAC).

If you have any questions, please contact me by phone at (505) 222-9554 or by mail at NMED, District I, 5500 San Antonio Dr. NE, Albuquerque, NM 87109.
