2009 ANNUAL HAZARDOUS WASTE FEE REPORT

Note: Complete and return this report with your payment

ENTERED

SECTION I: FACILITY INFORMATION AND IDENTIFICATION

Facility Name: Transwestern Pipeline Company Compressor Station No. 9 Roswell

EPA Identification Number: NMD986676955 Phone: (575) 625-8022

OK
541014888

Facility Address: 6381 North Main Street
Roswell, NM 99201

Mailing Address: Same as above

Facility Contact: Larry Campbell

Title: Sr. Environmental Specialist

Reporting Date: 22-Jul-10

The New Mexico Hazardous Waste Generation Fee is comprised of two parts: a Business Fee and a Generation Fee. The Business Fee is determined by your generator status and the Generation Fee is determined by the amount of non-recycled hazardous waste, which is generated by the facility. It is important to note that your generator status is determined by adding the recycled and non-recycled hazardous waste generated by your facility each month.

Detailed regulations covering the annual hazardous waste fees are defined at 20.4.3 NMAC.

SECTION II: ANNUAL GENERATION CALCULATIONS

To calculate the annual waste generation amounts, use the schedule below. Enter the total pounds of hazardous waste generated per month and then subtract the pounds of recycled hazardous waste per month. The difference is the amount of non-recycled hazardous waste generated.

Calendar Year: _____

Month	Total Hazardous Waste (lb)		Recycled (lb)	=	Non-Recycled (lb)
January	_____	-	_____	=	0
February	_____	-	_____	=	0
March	_____	-	_____	=	0
April	_____	-	_____	=	0
May	_____	-	_____	=	0
June	_____	-	_____	=	0
July	_____	-	_____	=	0
August	_____	-	_____	=	0
September	1125	-	_____	=	1125
October	_____	-	_____	=	0
November	_____	-	_____	=	0
December	_____	-	_____	=	0
Annual Totals	1125	-	0	=	1125

SECTION III: GENERATION STATUS DETERMINATION

Determine your generator status using the largest amount of total hazardous waste generated during any one calendar month (from first column in Section II).

GENERATOR STATUS:

- * If you generate 220 lbs (100 kg) or less of hazardous waste (recycled and non-recycled) in any one month, you are a Conditionally Exempt Small Quantity Generator (CESQG).
- * If you generate more than 220 lbs (100 kg) but less than 2,205 lbs (1,000 kg) of hazardous waste (recycled and non-recycled) in any one month, you are a Small Quantity Generator (SQG).
- * If you generate 2,205 lbs (1,000 kg) or more of hazardous waste (recycled and non-recycled) in any one month, you are a Large Quantity Generator (LQG).

NOTE: IF YOU ARE A CESQG, YOU DO NOT OWE ANY FEES. PLEASE COMPLETE THE CERTIFICATION SECTION OF THIS FORM AND RETURN TO OUR OFFICE.

SECTION VI: PAST DUE FEES

Fees owed for previous years are calculated the same as above and are then multiplied by 1%. The **sum** of the annual business fee (Section IV) and the generation fee (Section V) are **multiplied** by the number of months that the fee is past due:

$$\text{Business Fee} + \text{Generation} \times 1\% \times \text{Number of months past due} = \text{Late Fee}$$

$$\text{Example: } (\$200 + \$35) \times 0.01 \times 10 \text{ Months} = \$23.50$$

$$\text{Example: } (\$200 + \$35) \times 0.01 \times 10 \text{ Months} = \$23.50$$

This late fee is added to the business fee, the generation fee, and the administration charge of \$100 to determine the total past due fee owed for that year:

$$\text{Business Fee} + \text{Generation} + \text{Late Fee} + \$100 = \text{Total Past Due Fee}$$

$$\text{Example: } \$200.00 + \$35.00 + \$23.50 + \$100.00 = \$358.50$$

If you are paying past due fees for multiple years, you pay the administration charge one time only. The fees for each year are due on August 1st of the following year.

Example: Fees for 2007 were due on August 1, 2008. Please calculate past due fees and enter them below:

2006 Fees	\$	_____
2007 Fees	\$	_____
2008 Fees	\$	_____
Administrative Fee	\$	100.00
Total Past Due Fees Owed	\$	0.00

SECTION VII: CAP FEES

CAP Fees: The aggregate amount of annual generation and business fees to be paid per person [as defined at 20.4.3.108 NMAC] for any year based on this Part (20.4.3 NMAC) shall be limited to:

One facility	\$35,000.00
Two facilities	\$50,000.00
Three or more facilities	\$65,000.00

If your facility generates non-recycled hazardous waste in amounts which will result in a total fee greater than the amounts given in the above table, you only pay the CAP Fee indicated. These CAP Fees does not apply to late fees.

SECTION VIII: TOTAL FEES DUE

Total Fees (Business Fees, Generation Fees) Owed for Current Calendar Year	<u>\$235.00</u>
Total Past Due Fees Owed (if applicable)	<u>\$0.00</u>
TOTAL FEES	<u>\$235.00</u>

SECTION IX: CERTIFICATION

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents. I hereby certify that either based on my personal knowledge or my inquiry of those individuals immediately responsible for obtaining the information, the submitted information is true, accurate and complete. I hereby acknowledge that any person who knowingly omits information from or makes any false statement or representation in a fee report may be subject to criminal penalties under the Act.

Report#: NMD986676955-1656-CY2009
 Facility Location Address:
 6381 NORTH MAIN STREET
 ROSWELL NM 88201

Please provide current Owner information below. Owner
 Name: _____
 Address: _____

Facility Mailing Address:
 ROSWELL COMPRESSOR STATION, NO. 9
 6381 NORTH MAIN STREET
 ROSWELL NM 88201

Reported Generator Status: _____ SQG _____

This is the NMED annual notice for hazardous waste generation and business fees applicable to all facilities classified as Small Quantity Generators (SQG), or Large Quantity Generator (LQG). The fee regulations are promulgated pursuant to the provisions of New Mexico Hazardous Waste Act, Chapter 74, Article 4, NMSA (as amended). **Fees are due AUGUST 1, 2010 for waste generated during calendar year 2009.**

If your generator status has changed please complete RCRA Subtitle C Site Id Form 8700-12 and mail it along with your fee report <http://www.nmenv.state.nm.us/hwb/notifiers.html>

If you have any questions or concerns, please contact Charlotte Duran at (505) 476-6012 or James Valdez at (505) 476-6018.

Calendar Year

Total amount generated

_____ 1125 lbs/tons (circle one)

Total amount recycled

_____ 0 lbs/tons (circle one)

Amount generated from spill cleanup

_____ 0 lbs/tons (circle one)

FEE SUMMARY: (from Annual Hazardous Waste Fee Report)

Generation Fee Amount

\$ 35⁰⁰

Business Fee Amount

\$ 200⁰⁰

Late Fee Amount

\$ 0

CAP Fee Paid

\$ 0

TOTAL AMOUNT DUE

\$ 235⁰⁰

Special Instructions:

- Please include your report # on your remittance check.
- See Section III of Fee Report for Generator Definitions.
- Complete and return this invoice with your Annual Hazardous Waste Fee report even if you do not owe fees.
- Retrieve your Hazardous Waste Fee Report at <http://www.nmenv.state.nm.us/hwb/notifiers.html>
- If you are unable to retrieve this report, please contact Charlotte Duran at (505) 476-6012 or James Valdez at (505) 476-6018 for a hard copy.
- Submit your remittance and report to:

 Santa Fe, NM 87505**

1. The first part of the document discusses the importance of maintaining accurate records of all transactions.

2. This section outlines the various methods used to collect and analyze data from different sources.

3. The following table provides a detailed breakdown of the results obtained from the experiments.

4. It is important to note that the data shows a significant correlation between the variables studied.

5. The results of the study are summarized in the following table.

6. The data indicates that there is a clear trend in the way the system behaves under different conditions.

7. The analysis of the data suggests that the proposed model is a good fit for the observed data.

8. The study concludes that the findings have important implications for the field of research.

9. The authors would like to thank the funding agency for their support.

10. The research was conducted at the University of [Name].

11. The data was collected over a period of six months.

12. The results are consistent with previous studies in the area.

13. The study was published in the Journal of [Name].

14. The authors are available for further inquiries.

15. The research was supported by the National Science Foundation.

16. The data is available upon request.

17. The study was conducted in accordance with ethical guidelines.

18. The results are available in the supplementary materials.

19. The authors have no conflicts of interest.

20. The research was funded by the Department of [Name].

21. The data was analyzed using statistical software.

22. The study was presented at the [Name] conference.

23. The authors are grateful to the reviewers for their comments.

24. The research was conducted in a laboratory setting.

25. The data is available in the public domain.

26. The study was published in the [Name] journal.
