**SUBJECT: HAZARDOUS WASTE CONSULTATION REPORT
LOVELACE JUAN TABO EPA ID# NMD986681971**

Dear Ms. Gillean:

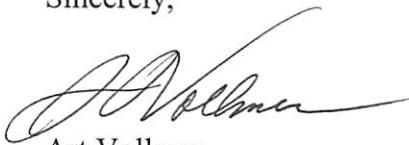

The New Mexico Environment Department (NMED) provided the Lovelace office located at 2121 Juan Tabo, NE, in Albuquerque a Compliance Assistance Visit to address potential hazardous waste issues and pollution prevention options on June 11, 2003. Based on observations and a review of the information obtained, the NMED determined that all conditions were in compliance and that the Lovelace Juan Tabo Office is not currently generating any hazardous waste. As a result, the facility's generator status has changed from a Conditionally Exempt Small Quantity Generator to a Non-Handler.

Should you have any changes to your operation and would like our assistance regarding waste management issues, the NMED would be glad to revisit your facility to help. The NMED appreciates your efforts to support the environmental health goals of New Mexico and to adhere to the Hazardous Waste Management Regulations.

Ms. Gillean

I have included with this letter a questionnaire concerning the usefulness to you of the NMED visit. If you have any questions, please contact me by phone at (505) 428-2506 or by letter at the address on the letterhead.

Sincerely,

Art Vollmer

HAZARDOUS WASTE CONSULTATION REPORT

I have read the explanation of the on-site technical assistance program and agree to participate in the program. I also agree to correct any and all violations of the Hazardous Waste Regulations (20.4.1 NMAC) identified by the Hazardous Waste Bureau (HWB), within the time period(s) agreed for each violation. I also understand that further enforcement may take place if the corrections are not made. I also certify that I am a responsible party (owner or manager) to the facility listed below.
