Mr. Prentiss Sturdivant
ABC Machine Shop
1005 N. Grimes
P.O. Box 2401
Hobbs, NM 88241

Dear Mr. Sturdivant:

Thank you for the opportunity to walk through your facility, assess your compliance with the regulations and be able to offer pollution prevention ideas.

Enclosed is a survey that I would like filled out and a stamped return address envelope. Please take a minute to complete this so that we may take whatever means necessary to give businesses the information and help they need.

I asked my boss about the spreading sand blasting residue and paint chips on the driveway when you clean the machine out. The residue may be hazardous waste and you should dispose of it as hazardous waste unless you want to test it for metals. There are several companies that can haul it off or run the test for you. Contact me for these phone numbers if you are interested in either of these options.

Once again I appreciate being allowed to serve you. Should you have any questions you may contact me at my new telephone number 1-505-827-1512.

Sincerely,

Debby Brinkerhoff
Environmental Specialist
