**RE: COMPLIANCE EVALUATION INSPECTION  
ALBUQUERQUE AUTOMOTIVE**

Dear Mr. Robberts:

On May 13, 2019, the New Mexico Environment Department ("NMED") conducted a hazardous waste compliance evaluation ("Inspection") at Albuquerque Automotive ("AA"), located at 8223 4<sup>th</sup> St. NW, Albuquerque, New Mexico. Based on observations and review of the information obtained, NMED has determined that your facility is a Very Small Quantity Generator of hazardous waste as defined in 40 Code of Federal Regulations 262.13 and was in compliance with the New Mexico Hazardous Waste Management Regulations (20.4.1 New Mexico Administrative Code).

AA is a facility that offers general maintenance and repair services for vehicles. The facility generates used oil, antifreeze and spent automotive batteries.

No further action is required at this time; however, this letter does not relieve AA of its obligation to comply with any other applicable laws and regulations. If you have any questions regarding this letter, please contact Don Meyer of my staff at 505-476-6021 or by email at [don.meyer@state.nm.us](mailto:don.meyer@state.nm.us).

Sincerely,

Janine Kraemer, CHMM  
Program Manager  
Compliance & Technical Assistance Program
