**RE: COMPLIANCE EVALUATION INSPECTION  
BIG O TIRES**

Dear Mr. Martinez:

On May 10, 2019, the New Mexico Environment Department ("NMED") conducted a hazardous waste compliance evaluation ("Inspection") at Big O Tires ("Big O"), located at 6519 Menaul Blvd. NE, Albuquerque, New Mexico. Based on observations and review of the information obtained, NMED has determined that your facility is a Very Small Quantity Generator of hazardous waste as defined in 40 Code of Federal Regulations 262.13 and was in compliance with the New Mexico Hazardous Waste Management Regulations (20.4.1 New Mexico Administrative Code).

Big O is a facility that sells tires and offers general maintenance and repair services for vehicles. The facility generates used oil, antifreeze and spent automotive batteries.
