CERTIFIED MAIL
RETURN RECEIPT REQUESTED

December 9, 1993

Sheri L. Bone, Chief
Environmental Management Division
Directorate of Environment
U.S. Army Air Defense Artillery Center and Fort Bliss
Attention: ATZC-DEH-E
Fort Bliss, Texas 79916

RE: Technical Completeness of part B Permit Application

Dear Ms. Bone,

The U.S. Army Air Defense Artillery center and Fort Bliss submitted a part B Application for an Explosive Open Burn/Open Detonation (OB/OD) unit. The permit application has been reviewed for technical completeness and determined to meet the requirements for RCRA permits identified in 40 CFR, §§ 270.14, and 270.23, New Mexico Hazardous Waste Management Regulations (HWMR-7) NMSA 1978 §74-4-1 et seq. (Repl. Pamph. 1993). The draft permit will be prepared during January through March 1994. Should any further questions arise, the New Mexico Environment Department may request additional information, when necessary to clarify, modify, or supplement previously submitted material. Requests for such additional information will not render an application incomplete.

If you have any questions, please contact Mr. Cornelius Amindyas of my staff at (505) 827-4308.

Sincerely,

Barbara Hoditschek, Manager
RCRA Permits Program
Hazardous and Radioactive Materials Bureau
