Dear Ms. Callahan:

Enclosed is a complimentary copy of the Fort Bliss draft Permit Attachment A that is reported to be missing from the U.S. Army Fort Bliss Open Burn/Open Detonation (OB/OD) draft Permit that was sent to you by the New Mexico Environment Department (NMED) on September 2, 1994, to be made available to the public at the Thomas Branigan Memorial Library in Las Cruces. Please incorporate the enclosed document into the Fort Bliss draft Permit that bears a cover page identical to the enclosed material. The enclosed sheets should be placed immediately following page II-6 of the draft Permit.

The Hazardous and Radioactive Materials Bureau of NMED wishes to inform you that it has extended the Public Notice period of comments on the OB/OD draft Permit to November 16, 1994. This was in response to a request by the U.S. Army Fort Bliss. Kindly make the document available to the public until November 16, 1994 after which you may return it to NMED at the address on the cover page of the draft Permit. Thank you for helping us in serving the public.

If you have any questions regarding this matter, please, contact Cornelius Amindyas of my staff at (505) 627-4308.

Sincerely,

Barbara Hoditschek, Manager
