LEGAL NOTICE # 73

NEW MEXICO ENVIRONMENT DEPARTMENT
HAZARDOUS AND RADIOACTIVE MATERIALS BUREAU
Santa Fe, New Mexico 87502

October 14, 1994

**NOTICE OF INTENT TO EXTEND THE PUBLIC COMMENT PERIOD FOR AN OPEN
BURN/OPEN DETONATION UNIT AT FORT BLISS**

The State of New Mexico is authorized to operate a hazardous waste management program in lieu of the Federal program for those portions of the Resource Conservation and Recovery Act (RCRA) in effect prior to the enactment of the Hazardous and Solid Waste Amendments of 1984 (HSWA). The HSWA impose additional requirements on hazardous waste management facilities which will be administrated by the U.S. Environmental Protection Agency (EPA) until the State of New Mexico receives additional authorization for those requirements.

Under authority of the New Mexico Hazardous Waste Act NMSA 1978 §74-4-1 et. seq. (Repl.Pamp. 1993) as amended, 1989, and the New Mexico Hazardous Waste Management Regulations (HWMR-7), the New Mexico Environment Department (NMED) can approve or deny permit applications. NMED has received a permit application submitted by the **U.S. Army Air Defense Artillery Center (USAADACENFB), Fort Bliss, EPA I.D. Number NM4213720101-01**, for an Open Burn/Open Detonation Unit.

USAADACENFB is a contractor-operated Open Burn/Open Detonation facility located in the McGregor Range, 50 miles east of Las Cruces, Otero County, New Mexico.

The Administrative Record for this permit application consists of the permit application, a fact sheet, and related correspondence.

The administrative record may be reviewed at:

**NMED Hazardous and
Radioactive Materials Bureau,

10:00 am to 9:00 pm, Fridays and
Saturdays from 10:00 am to 6:00 pm.

To obtain a copy of the Administrative Record or any part thereof, at 35 cents per page, please contact Mr. Cornelius Amindyas at the above Santa Fe address or call (505) 827-4308.

Any person who wishes to comment upon the draft permit or to request a public hearing should submit written comments and requests, along with the commentor's name and address, to the Santa Fe address. Requests for a public hearing shall state the nature of the issues proposed to be raised in the hearing and the name and address of the commenter. Only comments and/or requests received by **November 16, 1994** will be considered. NMED will provide a thirty (30) day notice of a public hearing, if scheduled.

NMED must ensure that the approved draft permit is consistent with the New Mexico Hazardous Waste Management Regulations for permits. NMED is extending this public notice period as a result of a request from the U.S. Army, Fort Bliss.

All written comments submitted on the draft permit will be considered in formulating a final decision. NMED may modify the draft permit based on the comments received. NMED will notify USAADACENFB and each person who submitted a written comment during the public comment period of the final decision.

After consideration of all written comments received, NMED will approve, or modify and approve the draft permit. If NMED modifies and approves the draft permit, then NMED shall provide USAADACENFB with a detailed written statement of reasons for the modification and the modified draft permit will become the approved permit. A copy of the modified permit with a detailed statement of the reasons for the modifications will be mailed to USAADACENFB.
