MEMORANDUM FOR Mr. Glenn vonGonton, Hazardous & Radioactive Material Bureau,
NMED, 2905 Rodeo Drive East, Bldg. 1, P.O. Box 26110, Santa Fe, New Mexico 87505-6303

SUBJECT: Invitation to Attend the 2004 Fort Bliss Installation Action Plan Workshop

1. The Army Environmental Center and Directorate of Environment, US Army Garrison Fort Bliss would like to invite you to attend the 2004 Fort Bliss Installation Action Plan workshop. The workshop will be held in Austin Texas on Tuesday, 10 February 2004. The discussion of clean up activities at Defense Environmental Restoration Program (DERP) sites in New Mexico will be held in the afternoon, from 1 to 4PM on that date. The exact location of the workshop is still being negotiated and you will be furnished this information on or before Monday 2 February 2004.

2. To assist you in familiarizing yourself on current DERP projects in Texas, we are enclosing a copy of the FY 2004 Installation Action Plan with this letter. We recognize that traveling out of state may be prohibited by your current regulations. Last year we offered to hold the meeting in a convenient place in New Mexico, but the Department declined to participate in a review of the Post's clean up activities in your state. Should the Department policies have changed and now entertain a Fort Bliss/New Mexico IAP, please let the undersigned know as soon as possible so that the Army Environmental Center could schedule such a meeting.

3. Either way please call or write to let us know if you can attend and/or if you have questions, David Dodge, Directorate of Environment, Bldg. 624, Taylor at Pleasonton Road, Fort Bliss, TX 79916-6812, (915-568-7979) or dodged@bliss.army.mil

3. Looking forward to seeing you at the IAP Workshop.
