RE: Review of Workplan for Aquifer Demonstration In Accordance With Settlement Agreement at Dona Ana and Meyer Ponds, Fort Bliss, New Mexico, EPA ID# NM4213720101-01

Dear Mr. Cobrain,

Fort Bliss transmitted a May 30, 2006 Letter with attached Water Quality Demonstration Workplan prepared by Weston Solutions, Inc dated May 24, 2006 per our Settlement Agreement, however, to this date Fort Bliss has not received approval or comments from your office. The Settlement Agreement, as you know, requires Fort Bliss to complete the water quality demonstration by December of 2007 and in order to meet this timeline, Fort Bliss must begin now to drill the wells and proceed to execute the work as set out in our workplan transmittal.

Should you have questions regarding this please do not hesitate to call me at (915) 568-1041.

Sincerely,

A handwritten signature in black ink, appearing to read "Elza Cushing".

Elza Cushing
Chief, Compliance Division
Directorate of the Environment
Fort Bliss
