Fort Bliss, New Mexico 79916-6812

**RE: FTBL-14/SWMU-25 ORO GRANDE LANDFILL
RCRA FACILITY INVESTIGATION (RFI) WORK PLAN
INVESTIGATION DERIVED WASTE (IDW) DISPOSAL
FORT BLISS, EPA ID NO. NM4213720101**

Dear Mr. Landreth:

The New Mexico Environment Department (NMED) reviewed the Department of the Army's (Permittee) letter requesting concurrence for the surface disposal of soil cuttings generated as part of the investigation field work conducted under the NMED-approved RFI Work Plan for the Oro Grande Landfill (FTBL-14/SWMU-25), dated May 6, 2008. Based on the results presented in the letter report, NMED's residential Soil Screening Levels were not exceeded in the composited soil sample analyzed. NMED hereby approves the Permittee's request to dispose of the soil cuttings generated during the investigation on the ground surface. The Permittee must provide a description of this action in the associated RFI Report.

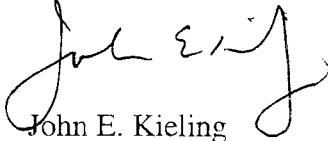

Keith Landreth
