Dear Ms. Waggoner:

The New Mexico Environment Department (NMED) has reviewed Department of Army's (Permittee) *Wastewater Sampling Results Report for March 2010, Semi-Annual Wastewater Compliance Sampling and Wastewater Flow Monitoring Reports for March 2010 – October 2009 for Meyer and Dona Ana – New Mexico Range Outfalls at Fort Bliss, Texas* (Reports).

The Permittee has fulfilled its obligation to conduct a semi-annual sampling in March 2010 and submit sampling results and wastewater flow monitoring reports to NMED. The monitoring and associated reports are required in the January 2006 Settlement Agreement (2006 SA) between the NMED, the United States Army, Air Defense, Artillery Center and Fort Bliss.

NMED's review of the Reports indicates that the sampling and monitoring were conducted in accordance with the requirement described in the above mentioned 2006 SA.

Formatting of tabulated data in the Reports is improved as compared to previous reports. The data were presented clearly. The Permittee is directed to notice a typographical error in the Permittee's cover letter accompanying the Reports. The cover letter was dated April 27, 2009 instead of 2010.

If you have any questions regarding this letter, please contact Pat Stewart at (505) 476-6059.

Sincerely,
