Dear Ms. Waggoner:

The New Mexico Environment Department (NMED) has reviewed the Department of Army's (Permittee) *Post-Closure Site Inspection of the Dona Ana Range Camp Landfill, Solid Waste Management Unit (SWMU) No. 29/FTBL-011*, Fort Bliss, New Mexico (Report), dated December 12, 2011.

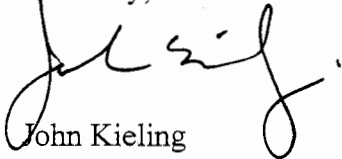

In accordance with NMED's *Approval of FTBL-11/SWMU-29 Adjacent Run-on Controls, Dona Ana Range Camp, Fort Bliss, New Mexico* (May 27, 2008), the Permittee conducted an inspection of the site on April 28, 2011 and found it to be in good condition. According to the information provided, erosion was not observed at the landfill and healthy vegetation growth was observed on the final landfill cover and on the surrounding area. Gates and fences were found to be in good condition.

The Permittee has fulfilled its obligation to conduct the annual site inspection and submit an annual report to NMED. It is noted that the site inspection was carried out in the month of April before the rainy season. In the future, the inspections must be carried out at the end of the rainy season so any potential damage caused of rains can be evaluated and repaired, if needed. The Permittee must continue to conduct annual inspections at SWMU 29 and submit report to NMED documenting results of the inspection. The inspection report for next year is due no later than December 31, 2012.

Please contact Neelam Dhawan at (505) 476-6042 if you have any questions regarding this letter.

Sincerely,

John Kieling  
Chief  
Hazardous Waste Bureau
