**RE: WASTE WATER SAMPLING RESULTS REPORT FOR MARCH 2018
SEMI-ANNUAL WASTEWATER COMPLIANCE SAMPLING FOR
MEYER AND DOÑA ANA – NEW MEXICO RANGE OUTFALLS AT
FORT BLISS, TEXAS
EPA ID #NM4213720101
HWB-FB-18-003**

Dear Mr. Moncada:

The New Mexico Environment Department (NMED) has reviewed the Department of the Army (Permittee) *Waste Water Sampling Results Report for March 2018 and Semi-Annual Wastewater Compliance Sampling for Meyer and Doña Ana – New Mexico Range Outfalls at Fort Bliss, Texas* (Report) dated April 11, 2018.

The Permittee has fulfilled its obligation to conduct semi-annual sampling in March 2018 and submit sampling results and wastewater flow monitoring reports to NMED. The monitoring and associated reports are required by the January 2006 Settlement Agreement (2006 SA) between NMED and the United States Army, Fort Bliss Air Defense Artillery Center.

NMED's correspondence dated January 30, 2018 directed the Permittee to verify the presence of groundwater in monitoring wells DA-01 and MR-01 and collect a groundwater sample from each well. The discussion regarding the sampling requirement was not included in the Report. Ensure that the discussion is included in the September 2018 Report.

Mr. Moncada
