ENTERED

JUL 03 2019

Directorate of Public Works

Mr. John E. Kieling
Chief, Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe, NM 87505-6303

Dear Mr. Kieling:

In response to your letter dated July 2, 2019, regarding the requirement of a submission extension request letter for the Fort Bliss Dona Ana Range [Well Investigation and Remediation] Site Assessment Report, Fort Bliss is formally requesting a report submittal extension date of September 1, 2019. This would ensure the report is reviewed and vetted by Fort Bliss to allow for a detailed and accurate report submittal to NMED.

Fort Bliss respectfully requests all future official correspondence be addressed to the undersigned to ensure the appropriate person responds to requests or concerns promptly and accurately, and is consistent with Army protocols. Additionally, Fort Bliss has provided notification to their contractor of these correspondence requirements.

Should you have any questions or concerns regarding the request for extension, please contact Ms. Rita Crites, Air and Water Quality Program Manager, Environmental Division, Directorate of Public Works, at (915) 568-5396.

Respectfully,

Alfredo J. Riera, P.E.
Director of Public Works
