

DEPARTMENT OF THE ARMY
US ARMY INSTALLATION MANAGEMENT COMMAND
HEADQUARTERS, UNITED STATES ARMY GARRISON, FORT BLISS
1741 MARSHALL ROAD
FORT BLISS, TEXAS 79916

December 29, 2020

ENTERED

Directorate of Public Works

Mr. Kevin Pierard
Chief, Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe, NM 87505-6303

Dear Mr. Pierard:

Fort Bliss is formally requesting an extension of 60 days from December 31, 2020 to conduct the post-rainy season inspection at Solid Waste Management Unit 27/FTBL-012 and submit the report. In accordance with post-closure care requirements stated in the New Mexico Environment Department letter dated October 30, 2007, Fort Bliss conducts yearly site inspections before and after the rainy season, and after rain events of one inch or more. However, the current state of the 2020 coronavirus pandemic in the region has caused delays resulting from strict adherence to shelter-in-place and limited mobility of the population.

For questions, contact Mr. Jesus D. Moncada, Chief, Compliance Branch, Environmental Division, Directorate of Public Works at (915) 568-2632 or by email: jesus.d.moncada.civ@mail.mil.

Respectfully,
