

DEPARTMENT OF THE ARMY
 US ARMY INSTALLATION MANAGEMENT COMMAND
 HEADQUARTERS, UNITED STATES ARMY GARRISON, FORT BLISS
 1741 MARSHALL ROAD
 FORT BLISS, TEXAS 79916

ENTERED

December 29, 2020

Directorate of Public Works

Mr. Kevin Pierard
 Chief, Hazardous Waste Bureau
 New Mexico Environment Department
 2905 Rodeo Park Drive East, Building 1
 Santa Fe, NM 87505-6303

Dear Mr. Pierard:

Fort Bliss is formally requesting an extension of 60 days from December 31, 2020 to conduct the 2020 site inspection at Solid Waste Management Unit (SWMU) 20/FTBL-015. In accordance with post-closure care suggestions stated in the New Mexico Environment Department (NMED) letter dated October 7, 2009, Fort Bliss conducts biannual site inspections at SWMU20/FTBL-015 and then submits a report to NMED for approval. However, the current state of the 2020 coronavirus pandemic in the region has caused delays resulting from strict adherence to shelter-in-place and limited mobility of the population.

For questions, contact Mr. Jesus D. Moncada, Chief, Compliance Branch, Environmental Division, Directorate of Public Works at (915) 568-2632 or by email: jesus.d.moncada.civ@mail.mil.

Respectfully,
