Dear Mr. Moncada:

The New Mexico Environment Department (NMED) received the Fort Bliss (Permittee) *Final Corrective Measures Completion Report FTB-014 (SWMU 25) Oro Grande Landfill* (Report), dated June 2021. NMED provides the following direction regarding this submittal.

1. The cover letter dated July 30, 2021 states, "Fort Bliss submits the enclosed Final Corrective Measures Completion Report for the Oro Grande Landfill (FTBL-014/SWMU-25) for review and approval." NMED has already reviewed the original Report dated August 2019 and issued an Approval with Modifications on December 27, 2019. The intent of submitting the revised Report must be stated in the cover letter. Submit a revised cover letter accordingly.
2. Since this submittal is presumed to be a revised rather than an original report, the Permittee must submit an electronic red-line strikeout (RLSO) version of the Report to identify the revisions. Otherwise, NMED will consider this Report as a new document and an applicable corrective action submittal review fee will apply. Submit an electronic RLSO version of the Report that identifies all revisions made to the Report.
3. NMED issued the *Post-Construction Backfill Sampling Report Draft Final Corrective Measures Completion Report FTB-014 (SWMU 25) Oro Grande Landfill* (Letter), dated
