RE: Extension Request for Three Documents, Fort Wingate Depot Activity

Dear Mr. Kieling:

The purpose of this letter is to request extensions from December 30, 2015 to February 29, 2016 for the submittal of the following documents:

1. TNT Leaching Bed Soil Boring Test Results and Development of Site-Specific Dilution Attention Factors, Fort Wingate Depot Activity, New Mexico;
2. Technical Memorandum: Groundwater Background Evaluation for Fort Wingate Depot Activity, New Mexico;
3. Final, 2015 Interim Measures Facility-wide Groundwater Monitoring Plan, Revision 8, Fort Wingate Depot Activity, New Mexico.

The Army is seeking an extension in time under Permit section I.M due to additional time needed to respond to and clarify comments from NMED, and prepare the reports.

If you have questions or require further information please contact Saqib Khan, USACE 918-669-7374 (D) Saqib.Khan@usace.army.mil or me at 330-358-7312.
