Subject: Annual Unit Audit Request For Extension
General Electric Apparatus Service Shop
Albuquerque, New Mexico

Dear Mr. Solano:

Pursuant to our conversation on February 22, 1999, Geomatrix Consultants, Inc. (Geomatrix) on behalf of General Electric (GE), would like to request an extension until March 30, 1999 for submitting the Annual Unit Audit for GE's former apparatus service shop located in Albuquerque, New Mexico. The purpose of the request for extension is to permit Geomatrix the opportunity to visit the site and perform the Annual Unit Audit.

The apparatus service shop is no longer operating, however the site is currently undergoing corrective action in accordance with a Consent Decree (Civil Action No. 87-1073-jb) issued by the US Environmental Protection Agency.

If you have any question regarding this request for extension please contact Robert Bray at (949) 642-0245.

Respectfully,

Robert Bray
Senior Scientist
