Dear Mr. Jamison:

The United States Environmental Protection Agency ("EPA") and the New Mexico Environment Department ("NMED") have received the "Final Revisions - Revised Closure Plan, Final Corrective Measure Study Report, and Preliminary Corrective Measure Implementation Work Plan", dated May 20, 2003, (Final Revisions) for the General Electric Apparatus Service Shop located in Albuquerque, New Mexico. The Final Revisions were submitted to satisfy the requirements of Section VII of the Consent Decree (Civil Action Number 87-1073-jb) between the United States and General Electric ("GE") Company ("Consent Decree").

EPA has determined that the Final Revisions meet the requirements outlined by EPA and NMED in the conditional approval letter from EPA dated January 10, 2003. NMED will provide their response in a separate letter.

If you have any questions, please contact me at (214) 665-8316.

Sincerely yours,
