SUBJECT    HAFB Permitting - DEMO areas + open burn areas		
DISCUSSION    I called Sharon to mention (as suggested by E. Gordon) that if they could combine their container storage + open-burn areas in one permit application, they could save the \$10,000 'basic permit' fee that would apply if they submitted the same information as 2 permit applications. Sharon suggested June 22 as a deadline for submitting the combined application, and she would attempt to get the revised DEMO stuff to us by June 4. I said I thought this would probably work in terms of our schedule. I would check w/ Dr. Gordon + call back ASAP if there were any snags; otherwise send a letter stating this arrangement in writing.
