**RE: Permit Completeness Determination
EPA ID No: NM6572124422**

Dear Col. Hester:

The New Mexico Environmental Improvement Division has completed an administrative review of the application submitted by Holloman Air Force Base for an operating permit under the Resource Conservation and Recovery Act. The application has been found to be administratively complete in accordance with the New Mexico Hazardous Waste Management Regulations, as amended 1989, Part IX, 40 CFR Section 270.10(c). It addresses one hazardous waste unit: a container storage building.

The New Mexico Hazardous Waste Fee Regulations require the assessment of permit fees when an application is declared administratively complete. The fee for the Holloman Air Force Base facility is \$19,000; a statement and worksheet are enclosed. Review of the application for technical adequacy will begin upon receipt of the permit fee, which is due within 30 calendar days of the date of this letter. Failure to pay the fee within this period will result in permit denial.

Thank you for your cooperation in the permitting process. If you have any questions, please call David Morgan at (505) 827-0582.

Sincerely,

Jack Ellvinger
Bureau Chief
Hazardous Waste Bureau
