RETURN RECEIPT REQUESTED

Ms. Margaret Kinney, Reference Librarian
Alamogordo Public Library
920 Oregon Ave.
Alamogordo, NM 88310

Dear Ms. Kinney:

Enclosed is a copy of a draft hazardous waste storage permit which the Environmental Improvement Division proposes to issue to Holloman Air Force Base. Bound at the front of the draft permit is a copy of the fact sheet which summarizes the contents of the Permit and contains information about how comments can be made by interested persons.

One part of the permit, identified as "Module IV", is being prepared by US EPA Region 6 in Dallas and will be sent directly from their office to you. When you receive it, we would be grateful if you could include it in the permit as indicated in the Table of Contents.

As we discussed by telephone recently, please make the draft permit available to the public for review. If you, or anyone else, has any questions concerning the draft Permit, do not hesitate to contact me at 827-0170 or at the address given below. Thank you.

Sincerely,

David Morgan
Environmental Scientist
Hazardous and Radioactive Waste Bureau
