Col. Ira L. Hester, USAF
Commander, 49 Support Group
Holloman Air Force Base, New Mexico 88330

RE: Newly Identified Solid Waste Management Units (SWMU's)

Dear Col. Hester:

This letter is in response to your letter to Allyn Davis, identifying two new SWMU's at Holloman AFB, the T-38 Cell Fuel Leak (SWMU No. 229) and the Building 828 Fuel Leak (SWMU No. 230). As required by permit condition F.2., EPA is notifying you that a RCRA Facility Investigation (RFI) is needed for SWMU numbers 229 and 230. Due to the high potential for ground water contamination, EPA is requiring that the RFI Workplans for the above mentioned SWMU's be submitted to EPA by September 30, 1992.

If you have any further questions, please contact Rich Mayer of my staff at (214) 655-6775.

Sincerely yours,

W.K. Honker

William K. Honker, P.E.
