**RE: SD-47 POL WASHRACK DISCHARGE AREA**

Dear Mr. Moffitt:

The Hazardous and Radioactive Materials Bureau (HRMB) hereby approves the course of action for the excavation pit at site SD-47 POL Washrack Discharge Area as proposed in the June 22, 1992 letter. In addition to lining the pit and backfilling with stockpiled or other borrow material, HRMB suggests Holloman Air Force Base control run-on to the site by whatever method is suitable. As noted in the June 22, 1992 letter, HRMB will approve sampling plans for all samples necessary for complete assessment of horizontal and vertical extent of contamination at the site.

If you have any questions regarding this matter, please contact Mr. Steve Alexander or Ms. Stephanie Stoddard at (505)827-4308.

Sincerely,

A handwritten signature in cursive script that reads "Barbara Hoditschek".
