RE: Extension for RCRA Facility Investigation (RFI) Phase II  
Workplan for Table 1 Solid Waste Management Units (SWMU's)

Dear Mr. Moffitt:

This letter is in response to your March 1, 1993, letter (received by EPA March 8) to William K. Honker of the Environmental Protection Agency (EPA), requesting an extension for the RFI Phase II Workplan for selected Table 1 SWMU's. The Workplan due date was December 31, 1992. Holloman is requesting that the due date be extended to April 30, 1993.

EPA hereby approves the extension. However, in the future, extension requests made two months after the due date of the submittal will be denied and referred to enforcement. Failure to comply with the April 30, 1993 submittal date may cause Holloman to be in noncompliance with its permit and result in enforcement action.

If you have any questions, please contact Rich Mayer of my staff at (214) 655-7442.

Sincerely yours,

Guanita Reiter, Acting Chief  
RCRA Permits Branch (6H-P)
