Howard E. Moffitt
Deputy Base Civil Engineer
Headquarters 49th Fighter Wing (ACC)
Holloman Air Force Base, New Mexico 88330-8458

Dear Mr. Moffitt:

RE: Class I Modification for Storage Facilities

EPA ID # NM6572124422

PERMIT # NM6572124422-1

The New Mexico Environment Department (NMED) Hazardous and Radioactive Materials Bureau (HRMB) has completed review of Holloman Air Force Base's (HAFB) request for Class I permit modification. Based upon the modification draft submitted by HAFB, the NMED hereby approves the Class I permit modification for HAFB. The modification applies to the newly constructed outdoor storage pad and cover, and the regulation of wastes stored within. Effective date of approval is the date of HAFB's receipt of this letter. The enclosed pages B-1 through B-14 will replace pages B-1 through B-14 of the existing permit. Also, figure B-23 will be included into the existing permit. These changes are incorporated into the HAFB Storage Permit ID# NM6572124422. You are required to incorporate the enclosed pages into HAFB's copy of the Storage Permit previously issued by NMED.

HAFB is also required to send a notice of the modification to all persons on the facility mailing list which was supplied earlier by Tom Tatkin of NMED. This notification must be made within 90 calendar days after the change is put into effect in compliance with 20 NMAC sub-part 9, 40 CFR §270.42 (a) (ii).
