SUBJECT: Long Term Groundwater Monitoring Plan for Holloman AFB (HAFB) Lagoons

1. Enclosed please find the Draft Final Long-Term Monitoring Plan for the sewage lagoons. The groundwater monitoring requirements for the lagoons are identified in item VI.C. of the Federal Facilities Compliance Agreement signed by US Environmental Protection Agency-Region VI, New Mexico Environment Department, and HAFB on 20 Dec 1988.
2. Approval of this plan will resolve Alleged Violation Number 9 of the Federal Facilities Compliance Agreement. Please also note that funding requests for the monitoring program must be based upon the plan. Therefore, we request written comments be submitted to us in a timely manner and that written approval be provided when the plan is suitable.
3. Please direct written comments and any questions to Dr Fred Fisher of the Civil Engineer Environmental Flight, 49 CES/CEV, (505) 475-3931/5062.

Howard E. Moffitt
