Dear Mr. Moffitt:

**RE: Request for 30 day extension**

The New Mexico Environment Department (NMED) has received your request for a thirty (30) day extension to the ninety (90) day accumulation time limit for certain waste munitions currently being stored at Holloman Air Force Base (HAFB). Such an extension is allowed under 20 NMAC 4.1.301, which incorporates federal regulation 40 CFR §262.34(b), provided that the extension is necessary due to unforeseen, temporary, and uncontrollable circumstances. Based on the information provided in your letter dated May 24, 1995, the NMED is granting HAFB a thirty (30) day extension until July 2, 1995 for storage of the waste munitions delineated in your letter.

Please be reminded that the regulations do not provide for additional thirty (30) day extensions. If you have any questions concerning this matter, please contact me at (505) 827-4308.

Sincerely,

A handwritten signature in cursive script that reads "Coby Muckelroy".
