Howard E. Moffitt  
Deputy Base Civil Engineer  
49 CES/CEV  
550 Tabosa Ave.  
Holloman AFB, New Mexico 88330-8458

Dear Mr. Moffitt:

**RE: Request for extension to 90 day storage limit**

The New Mexico Environment Department (NMED) has received your request for an extension to the ninety (90) day accumulation time limit for A165 Cartridges, with a net explosive weight of 482.4 pounds, currently being stored at Holloman Air Force Base (HAFB). A thirty (30) day extension is allowed under 20 NMAC 4.1.301, which incorporates federal regulation 40 CFR §262.34(b), provided that the extension is necessary due to unforeseen, temporary, and uncontrollable circumstances. Based on the information provided in your letter dated November 21, 1995, NMED is granting HAFB a thirty (30) day extension until December 26, 1995 for storage of the waste munitions delineated in your letter.

Please be reminded that the regulations do not provide for an additional extension. If you have any questions concerning this matter, please contact me at (505) 827-1558.

Sincerely,

A handwritten signature in cursive script that reads "Coby Muckelroy".

Coby Muckelroy  
RCRA Inspection/Enforcement Program Manager  
Hazardous and Radioactive Materials Bureau
