RE: Re-submittal of Final VCM Work Plans in lieu of Drafts for SWMUS 136, 1119 Washrack; and for SWMUS 39, 127, 135, 170, 171

Dear Mr. Moffitt:

I am writing to inform you that the Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) will no longer accept for review draft documents due to staff availability and workload.

Holloman Air Force Base (HAFB) is therefore asked to re-submit in final form the voluntary corrective measures (VCM) Work Plan for Solid Waste Management Units (SWMUs) 136, Building 1119, and the Work Plan for SWMUs 39, 127, 135, 170 and 171 within 15 calendar days from the day you receive this letter. This will expedite HRMB's review of the subject documents.

If you have any questions regarding this matter please call Myself or Mr. Cornelius Amindyas of my staff at (505) 827-1561. Thank you for your participation in our regulatory process and for your usual promptness.

Sincerely,

Robert S. (Stu) Dinwiddie, Manager  
RCRA Permits Management Program  
Hazardous and Radioactive Materials Bureau
