Holloman AFB, NM 88330-5487

Dear Dr. Stu Dinwiddie

We appreciate the opportunity to combine our 20,000 lb. Open Detonation Unit and Treatment, Storage and Disposal Unit activities under one Resource Conservation and Recovery Act permit. My staff views this action as benefiting both HAFB & NMED time wise and economically.

Please advise us of our next course of action to ensure an efficient transition to keep these permit revisions/modifications on track. My POC for this action is John Poland who may be reached at (505) 475-3931.

HOWARD E. MOFFITT
Deputy Base Civil Engineer
