SUBJECT: HAFB Response to Annual Audit Request

1. This letter responds to New Mexico Environment Department's (NMED) request to account for all current Solid Waste Management Units (SWMU) present on HAFB's Resource Conservation and Recovery Act (RCRA) Part B permit Hazardous and Solid Waste Amendments (HSWA) module.

2. Currently, HAFB has 114 SWMUs on its RCRA Part B permit. The list of these can be found at Attachment 1.

3. On 4 January 1999, HAFB initiated the process for a RCRA Part B permit modification to the HSWA module. The official request should be submitted to NMED in early March 1999. No Further Action determination is being considered for the 104 SWMUs listed in Attachment 2. This would result in the removal of these SWMUs from the HSWA module if approved by NMED.

WILLIAM J. LAKE  
Brigadier General, USAF  
Commander

Attachment:

1. Current SWMUs on RCRA Part B permit
2. SWMUs HAFB requests to be removed from the RCRA Part B permit
