MEMORANDUM FOR NEW MEXICO ENVIRONMENT DEPARTMENT

Attn: Mr. James Bearzi
Hazardous and Radioactive Materials Bureau
2044 Galisteo
P.O. Box 26110
Santa Fe NM 87502

FROM: 49 CES/CEV
550 Tabosa Avenue
Holloman AFB NM 88330-8458

SUBJECT: Submittal of 1999 Request for Class III Permit Modification to Resource Conservation and Recovery Act Permit (EPA I.D. No. NM65721224422)

1. Holloman AFB (HAFB) requests a Class III permit modification to the Hazardous and Solid Waste Amendments (HSWA) module of our Resource Conservation and Recovery Act (RCRA) Permit. The purpose of this modification is to remove from the HSWA module 104 solid waste management units (SWMUs) that have been deemed appropriate for no further action (NFA) by the New Mexico Environment Department (NMED) or are eligible for this consideration.
2. Table 1 (Atch 1) lists the applicable SWMUs HAFB is requesting be removed from the HSWA module. The table also lists the appropriate documents on which NFA designations were based. The Information Repository file number is added for efficient document retrieval.
3. Some SWMUs have been corrected under other regulatory authorities, some have been considered for NFA after a determination was made showing no release had occurred and some SWMUs are considered NFA after investigation or remediation has shown the SWMU to be appropriate for NFA. NFA criteria describes how the vast majority of SWMUs were deemed appropriate for NFA. The criteria are defined in Attachment 2.
4. Per 40 CFR 270.42, the public comment period for this permit modification began 27 December 1998. A public meeting was held on 27 January 1999 to publicly present the modification and allow the public to comment. The public comment period ended 25 February 1999. All public comments and HAFB's responses can be found at Attachment 3.

5. If you have any questions or require additional information, please contact Jose Gallegos at (505) 475-5395.

A handwritten signature in black ink, appearing to read "Donovan P. Colman". The signature is fluid and cursive, with a long horizontal stroke at the beginning.

DONOVAN P. COLMAN, Lt Col, USAF
Base Civil Engineer
