**RE: REQUEST FOR EXTENSION OF DEADLINE FOR CLOSURE OF THE 300-  
POUND OPEN BURN UNIT**

Dear Mr. Moffitt:

The New Mexico Environment Department (NMED), Hazardous and Radioactive Materials Bureau (HRMB) received Holloman Air Force Base's (HAFB's) request for extension of the deadline for response to the RSI issued by HRMB on December 8, 1999 for the 300-pound Open Burn Unit (OBU). In your letter dated February 14, 2000, you explained that you needed a thirty (30) day extension of the deadline to develop and submit the additional information on closure of the OBU.

In light of the above reason HRMB hereby grants HAFB the subject extension. Holloman Air Force Base must therefore submit to HRMB the requested information not later than thirty (30) calendar days from the date you receive this letter.

Please call Dr. Kirby Olson or me at (505) 827-1561, if you have further questions regarding the closure of the above referenced site.

Sincerely,

Cornelius Amindyas, Environmental Specialist
