Hi Stephanie -
The map looks fine - I
see no reason to hold up
"Closure Appraisal". I can
get a memo to you the week of
July 3rd - Let me know
if you need one. CP.

HAFB Sewage Lagoons Final Closure Approval

Conditions for Approval of Closure:

1. Yes Summary of activities performed.

Provided in "Final Closure Report for Sewage Lagoons Closure - July 1999"

2. NO Any variances from the plan and the reason.

No variances requested per Joe.

3. Yes Location and custodian of all closure documents.

49 CES Building & Alamogordo Public Lib. IRP Information Repository (Installation Restoration)

4. Yes Site Map of each lagoon and reference point. (AR Database on Base)

Will submit to NMED ER at Lib
Map submitted & approved 6/23/00 - CP

5. Yes Location and custodian of all lab analysis and QA/QC documents.

Same as #3 - Fred Fisher has reports
49 CES Building 55

6. Yes Groundwater monitoring (until NMED has verified completion of closure).

Per Stephanie

7. Area use limited to health risk level for Ponds A-F (12 days/yr. for 25 yrs.)

No longer a condition of approval.

Yes, it is.
SK
7/3/00

8. Yes Deed restriction attached to survey plat along with type, location and quantity of hazardous waste disposed within each lagoon.
